THE main aisle on the first floor is the place of honor. All the particularly good things, rich in economies but limited in quantity (as is characteristic of particularly good things), seek their places here, -and the best of

To-day's incumbents of the places of honor are these: -

On the main aisle, one hundred and fifty White Dress Skirts, -similar to the two-hour chance of last week, that you may recall with some regret if you chanced to be one of the late ones. Beautiful goods of lawn, exquisitely trimmed with lace and embroidery, and at considerably less than half prices. \$2.50 to \$8; regularly

On the main aisle, on another table of honor, there have been gathered into one lot some small quantities of Women's Neckwear, -new goods in best effects and the most desirable colors. These are pique stock collars with corded silk puff ties in two shapes, and four-in-hands. They have been selling at 50c. each, but choice is now offered at 25c.

On the Tenth Street aisle, some Women's Gloves at Fifty Cents pair. Nearly half of them are dollar gloves. The rest are 65c. and 75c. lambskin gloves, of the special goodness that we have been offering at those figures. They are reduced to fifty cents because they are "tried on" gloves. You would never know it, unless we told you, in the majority of the cases.

## To-day in the Millinery Store

To-day's sale and display will be particularly interesting. The millinery chief has prepared not only one but a group of unusually attractive bargains and some splendid showings of absolutely new and handsome specimens of the milliners' study and skill.

First comes the sale of French hats-the beautiful Parisian productions brought over here as models for our own work-rooms. They have served their purpose, and now, while still fresh and bright, they go at half what it cost to bring them here. A few only. An early visit to inspect them is actions. Particularly advantageous

The \$5 and \$6 Hats Again

The announcement that a new lot is ready is all that is ever necessary These hats, made by our most experienced milliners, and with as much care, and showing quite as good style as hats that cost twice as much, deserve all the approval that has been given them. One hundred more await you this

Mourning Hats and Bonnets

Extra effort has been made in this line, and it is with no little pride that we direct your attention to the display. It represents the work of people who have studiously searched for the best in mourning millinery, and the excellent assortment comprises desirable styles only. Moderate prices.

Children's Hats—Pretty and Low-Priced Here, too, exceeding care has been exercised in the making up of the stock. Children's hats, trimmed as they should be trimmed for children -not in styles more suitable for their elders. And priced properly,-not

fancifully. There's a satisfactory variety shown, and you can begin choos-

ing at \$3 each. Some Notable Reductions in Prices

First, in Women's Suits Time is up on these, so far as our stocks are concerned. Of course that has nothing to do with the wearing time. That won't be up until late

The two facts unite to make some very attractive prices in suits this morning. Of their quality it is necessary to say nothing more than they are our own suits that have been selling at from \$40 to \$60. High-class suits, you see.

**Twenty-five Dollars** 

What do you think of them at

for your choice? And inspection will only increase your enthusiasm. Second, Girls' Reefers and Jackets Wearing time enough for you left,-they are as much Fall coats as Spring coats, and they have plenty of use in Summer time, too. But as

merchandise they have outlived their welcome. And so, here's a beautiful lot of stylish jackets and reefer coats for flat string ties, 118 in. wide, made ages from 4 years to 16 years. Nearly 250 in all, which should give you of the same quality silks and satins

They have been \$2.50 to \$15 They are \$1.50, \$3, \$5 and \$7.50

## Men's Bicycle Trousers, \$2.50

One hundred pairs, perfectly new goods, fresh from the makers' hands. and in the neat cheviots and checks that men of taste seem to prefer.

Two Dollars and a Half Each

This is about half a fair price of the very best goods that the market can show. They are all cut in the "half-riding" style, suggestive of the equestrian's breeches, -wide leg, tight calf; -eminently correct. You will find these on the second floor, with the rest of the men's

the public in a degree that gratifies Suits. Our selling of these last year The waists are all very prettily made was very satisfactory, but we are prepared and ambitious to excel styles for boys, and expressing even that large business.
